## Counseling Materials

Waterville counselors, teachers, staff and administration created a Program of Study for students and parents to utilize in their planning for the future. The Program of Study can be accessed online via the Counseling Office page on the school website or by visiting  
[https://www.watervillecsd.org/wp-content/uploads/2024/03/Waterville-Program-of-Studies-2024\\_25.pdf](https://www.watervillecsd.org/wp-content/uploads/2024/03/Waterville-Program-of-Studies-2024_25.pdf)

All counseling materials are available for the student's use. College catalogs must be signed out of the counseling office and should be returned as soon as possible so the other students may use them as needed. Bulletin boards in the counseling office are available for student's information. Please do not take any of the materials off the bulletin board unless you plan to use it constructively. Important messages are often posted on the bulletin board inside the counseling office. All students should check this board as well as their email on a regular basis.

## Parent Conferences and Communications

Students can use Naviance to access information on careers and colleges, as well as complete inventories to learn more about themselves. Counselors will assist students in learning how to navigate and utilize Naviance, building on their knowledge each year.

## **Planning for a College Education**

The counseling office has information on most colleges in the country as well as scholarship and financial aid information. The counseling department also has a list of community colleges and vocational colleges students might consider in lieu of a four (4) year college. The Naviance program will be utilized to help students plan for their future, as well as one-on-one meetings with school counselors and a college and career fair help in the fall.

## **Release of Information**

The Federal Student Privacy Law prohibits school districts from releasing student transcripts without the student and/or parents' permission. Students who wish to have the school provide transcripts to colleges or employment offices must obtain the proper release form from the counseling office. Parents/Guardians and eligible students can and do have the right to ask for their own records at any time. Please notify the counseling office of any request.

## **Early Dismissal for Work (Work Release)**

## Waterville Central School Code of Conduct

The Waterville Central School District is committed to providing all students, teachers, district personnel, and visitors with a safe and pleasant environment. Our purpose is to offer a quality education in an environment free of discrimination, harassment and bullying. All students have the right to access educational and extracurricular activities on an equal basis. Therefore, we have adopted a “Code of Conduct” that applies to everyone involved in our schools. Our code explains the rights and responsibilities of all who utilize our facilities or ride our buses. The guiding principles are those of kindness, positivity, respect, tolerance and honesty. We ask students to help us maintain a safe environment by treating others with courtesy, alerting us when they have heard or seen something concerning, asking for help, and accepting responsibility for their actions. Our code focuses on respect for the rights and property of others and on the safety of everyone. In order for the WCS district to function properly, the conduct of students must conform to conditions that promote learning. Principals and teachers in New York State are charged with maintaining a productive learning environment. No student had the right to disrupt the learning process.

Students who refuse to follow the rules by being disorderly, insubordinate, disruptive, or violent or who place others in physical or moral danger will be disciplined. This discipline could range from a warning to permanent removal from school.

Discipline will be based on the following levels:

### **Level A:**

These misbehaviors constitute minor infractions of school rules which cause little harm and minimal disruption (i.e. littering, minor classroom disturbance, inappropriate physical horseplay, failure to follow instructions, etc.).

### **Level B:**

Misbehaviors included at this level are frequent and/or serious enough to disrupt the learning climate of the school and affect the student’s own ability to learn (i.e. unmodified Level A misbehavior, defiance and/or insubordination, use of profanity or obscenity, skipping scheduled classes or detention, etc.).

**Level C:**

Classified at this level are behaviors which may cause lasting harm to the misbehaving student or which may threaten the health, safety, or emotional well-being of others in the school (i.e. unmodified Level B misbehavior; the use, possession, sale and/or distribution of tobacco or tobacco related products; stealing, possession of stolen property, and/or sale of stolen property; physically threatening other students; Fighting (physical harm, etc.).

**Level D:**

Except for unmodified Level C behavior, the acts listed at this level are clearly criminal. They represent a direct and immediate threat to the welfare of others or may result in serious injury to the student, other people, or property (i.e. unmodified Level C misbehavior; stealing, possession of stolen property, and/or sale of stolen property; indecent exposure; tampering with and/or activating a fire alarm; providing, selling, and use of drugs, illegal chemical substances and/or alcohol; assault and battery, etc.).

Students who violate the code will be subject to a consequence. Typically consequences become more severe if the misbehavior continues, and can range from an oral warning to permanent suspension from school. Students and parents/guardians have rights. Students are to be informed of the reason for any consequences and will have an opportunity to explain their version of the event that led to the disciplinary action.

We expect all students, parents/guardians, visitors, and members of the staff to dress neatly and appropriately for all school activities and functions. Our dress code is explained more completely in the code, but it requires students to dress in a manner that will not interfere with the main purpose of school education. Any student who is not dressed appropriately will be asked to correct the problem. Anyone who refuses will be subject to discipline.

## Chromebook Loan Agreement

A Chromebook and a charging cord will be provided to all students who, along with their parents/guardians, review and complete the Chromebook Loan Agreement (BOE Policy 5301.2). ## Student Attendance

Studies continue to show the importance of a student's attendance in achieving academic success. It is important that students, parents/guardians, school administration, teachers, and staff work collaboratively to ensure students attend school. Please see the district website to read the complete Student Attendance policy (BOE Policy 7020) or visit the following link:

These activities will allow Student Council members to foster democratic values, interact with the instructional staff and administration, and provide opportunities for self-government and the management of their school. The Student Council consists of students who are elected/selected as representatives for grades 7-12. Waterville Jr./Sr. High School may request a project for consideration by the Student Council by presenting their request for their project, in writing, to any Student Council member. Project requests will be assessed by the faculty and administration to ensure the undertaking of the projects are worthwhile.

## Class Officers and Activities

Each class, grades 9-12, has one (1) or more faculty advisors, and elects officers and representatives to the Student Council. Each class sponsors various fund-raising activities throughout the school year.

## Student Activity Eligibility

All Waterville Central School District students participating in extracurricular activities are required to be in good academic standing. Students may not be eligible to participate in sports, clubs, and organizations if they are not considered in good academic standing. For more information regarding eligibility, please refer to the district website to view Board of Education Policy 7300 or visit this link: <https://web2.moboces.org/policies/waterville/7300%20ExtraCurricular%20Code%20of%20Conduct%20and%20Eligibility.pdf>.

## Structured Study Hall

To assist students, the Jr./Sr. High School utilizes a “Structured Study Hall” format. Each week, teachers complete a document that communicates to administration which students owe work in their classes. At the beginning of the next week, the main office contacts parents via ParentSquare to advise them that their student owes work and is being placed on the “Structured Study Hall” list. Parents can respond directly to the main office staff for specifics regarding owed work. If a student is on this list, they are not able to leave their study hall to visit other areas of the school. This also allows for communication between school staff to best assist students who owe assignments. Once a student completes the owed work, their teacher will remove them from the Structured Study Hall list and the privilege to leave study hall will be reinstated.

## Dances

If students leave the school dance **for any reason**, they will not be permitted to reenter. Any student(s) who are unable to conduct themselves appropriately will be asked to leave and risk the possibility of not being able to attend future school functions. Further disciplinary action may also occur.

Students from other schools will only be admitted if accompanied by a Waterville Central School District student. A permission form must be completed and returned to the High School Office. Students not enrolled in school are not allowed to attend dances.

Dances are open to designated grade levels only, i.e., a 9-12 dance is not open to students in grades K-8.

## Fundraising

Only recognized school-sponsored organizations may conduct fundraising activities at WCS. Any fundraising activity must be administered by a faculty member and/or club advisor having prior approval from the High School Office. All fundraising proposals must be approved by the office and must be placed on the “Activities calendar.”

# Health Services

## Accidents

All student and staff accidents occurring on school property and during school hours should be reported immediately to the school nurse. If the school nurse is not available, reports shall be made to the building secretary.

## Emergency Authorization Forms

These are important when the parents are not available and it is imperative that someone responsible for the child is located. The responsibility for transporting the child in the event of illness or injury lies with the parent/guardian.

Emergency Authorization Forms will give staff member(s) authorization to allow doctor(s) or hospital(s) permission to give medical attention to a student in an emergency if the parent(s)/guardian(s) cannot be located. This form is available from the school nurse. It is the responsibility of the parent(s)/guardian(s) to update the Emergency Authorization Form with current information any time a change occurs.

## Health Histories

The School Health Service requires a complete record of any problems that may need special care and attention (e.g., asthma, diabetes, allergies, etc.)

## Student Physicals

The New York State Education Law requires each new entrant to the school district and ALL tenth (10th) grade students have a physical examination through the School Health Office or by their own physician.

## Sports Requirements

Any student participating in school sports must have a physical. The physical will cover the student for twelve (12) months. The School Health Office offers physical exams or you may have your own family physician provide the exam. Your family doctor must complete a sports exam form and submit it to the school nurse prior to the start of the chosen sports season. Health History Update forms must also be completed prior to the student's participation. Students not meeting both requirements will be ineligible to play until required forms are completed and turned in.

## Illness

If a student becomes ill in school, they should report to the school nurse, who will decide what should be done. Students who are ill must obtain authorization from the school nurse and/or building principal or their designee to leave school. If the school nurse is not available, students are to report to the High School Office. Any required medication or prescription drugs, including over-the-counter medications, must be kept in the School Health Office (Policy #7102).

## Medication During the School Day - Policy #7102

School policies regarding administration of medication are consistent with procedures established by State Education Law.

For students to receive medication (prescription or non-prescription, including cough drops and other “over-the-counter” drugs) during the school day, the following procedures MUST be followed and renewed each year:

1. The parent or legal guardian must submit a written request to the school nurse together with a written request from the prescribing physician indicating the frequency and dosage.
2. The medication must be brought to the school by a responsible adult in the original container labeled with the name of the drug and the dosage.
3. Medication must **not** be brought to and from the school. Please supply only what is needed during the hours of school and keep the rest at home.
4. Students must **not** carry the medication themselves, with the exception of inhalers used for asthma or epi-pens for allergic reactions. If a student must carry their inhaler or epi-pen during the school hours or during sporting practices and events, the nurse’s office must have written permission from the prescribing physician and parent(s)/guardian(s). Forms for self-medication of inhalers/epi-pens are available in the nurse’s office. Medication cannot be administered at school unless all of the above-mentioned procedures are followed.

Students found to be in possession and/or using drugs (including over-the-counter items) without following aforementioned procedures will be subject to disciplinary action.

If you have any questions or concerns, or if you need forms, please contact the school Health Office (315-841-3821).

## Student Insurance Plan

The Student Insurance Plan provides medical, hospital and dental service indemnity when accidental bodily injury is sustained by a student in a scheduled school-sponsored activity. No benefits will be paid to the extent that benefits are payable under any other policy or prepayment plan. This plan is designed to assist the meeting expenses of parents; if medical bills are in excess of scheduled payments, the difference is the responsibility of the parent(s)/guardian(s). The plan does not contemplate expensive medical care. You must report the injury to the supervisor (teacher in charge) who will immediately fill out an accident report with the school nurse.

File claim first with family and/or employer policy(s). After final settlement, a completed claim affidavit of the attending physician and parent(s)/guardian(s) information sheet shall be returned to the school. Final for submission for the claim to the Plan Office shall be ONE (1) YEAR from the date of injury.

Additional information can be obtained from the School Nurse (315-841-3821) or the District Treasurer (315-841-3912).

## Transportation

### BOCES

All students attending BOCES (CTE, Middle Settlement Academy, New Visions, etc.) are required to ride the bus to and from BOCES. Students may be granted permission by the High School Office to self-transport only in the most extenuating circumstances. If a student must self-transport, a one-day parking pass, which includes signatures/permission from the parent(s)/guardian(s), BOCES principal, and Waterville Jr./Sr. High School Principal must be submitted to the High School Office. This form must be signed and submitted at least one (1) day in advance. Forms are available in the High School Office. Any student who is granted permission ***must not transport other students for ANY reason.***

**Morning BOCES Students** - Attendance will be taken by a staff member in the cafeteria prior to the bus departing. Students must report to lunch immediately after returning to the district.

**Afternoon BOCES Students** - Board the bus in front of the building by the cafeteria at approximately 11:00 a.m. Attendance will be taken as the students board the bus. When arriving back to school, the students must report to their assigned study hall where attendance will be taken.

## Drills

As mandated by the state, Waterville Central School District will run three (3) bus drills per academic year.

## Late Bus

Students may ride the late bus if they're staying after-school with a teacher/advisor, and attending a structured setting (i.e. fitness center, after-school study hall, detention, etc.). The late bus leaves at approximately 3:45 p.m. each day except Fridays and days immediately preceding school breaks, on those days there will be no late bus available. The teachers and staff members housing students after school will fill out the Google Form with the appropriate information no later than 2:00 p.m. Transportation will provide a list of these students to the bus driver.
